THE "PERFECT" WOMAN.

To Make Seven Year Test on Twenty Girls.

Bryn Mawr college hopes to establish the day of superwoman. When the college opens this fall the Anne Thorne open air model school for girls will give the students the first chance that has ever been given by an educational institution in America, for instruction that will tend to make girls physically perfect above anything else. According to M. Carey Thomas, dean of the college, it will take eleven years to ascertain whether the plan is going to prove a success.

It will take twenty young girls as nearly perfect physically as they can get, ranging between 10 and 12 years of age and train them for seven years in elementary tactics and bring them up as women should be educated.

The pupils in the open air school who have passed the best tests after seven years' work will receive a \$2,100 scholarship for her course at Bryn Mawr. She will receive not only her tuition, but all her expenses for four years. Among the things these girls are to learn to make them physically perfect and beautiful are "Jaccues-Dalacroze larythmich." A graduate of the Jacques-Dalacroze college at Holleran, Germany, will come here to train the candidates in perfect body measurements.

Wood and Glass Class Rooms.

The school will be housed in seven separate one story class rooms constructed of wood and glass. There they will live in the winter bundled in furs and warm clothing. These twenty girls will never breathe the air of a class room except where they are housed and the four sides are so arranged as to let down in pleasant weather. In cold weather they are to be clothed in Eskimo suits.

NEW SOURCE OF POWER

The matter of using electric power is becoming more and more a common thing and its economy and freedom from dirt make it worth investigating. T. W. Eustis of the General Electric Company of Chicago is at present in the employ of the Jacksonville Railway and Light Co., and has been making a number of investigations and among them has visited the Cape Wooten mills with a view of supplying that important plant with power. Mr. Eustis hopes to make a trial on a small scale within a few weeks and should it prove satisfactory the steam plant at the wooten mills may only be used for the purpose of heating and supplying steam in the dye house.

SEVERE ELECTRICAL STORM VISITS CITY

WIDE DEVASTATION OF TREES AND WIRES.

Traffic Stopped on South Main Street. Car Line and Electric Currents Turned Off For Two Hours—Lightning Causes Fires in City and Country Towns.

Saturday afternoon about 5:30 o'clock Jacksonville was struck by a severe electrical storm which lasted about an hour and caused considerable damage to electric and telephone wires and trees. The storm seemed to have struck in spots throughout the county, as there were several places where the dust was hardly settled.

Current Off Two Hours. Lightning struck wires at the rear of the Jacksonville Railway and Light company's plant on South Main street, and at the Woodman bakery, almost simultaneously. The firemen had just left the department when the second alarm came in. J. C. Miller, district plant chief of the Central Union Telephone company, took a fire extinguisher to the bakery and extinguished the flames. At the gas company plant the wires were burning on the ground and as soon as the current was turned off, the blaze was put out. The electric lights over the entire city were out from 5:30 until 7:30 o'clock, caused by lightning.

Traffic Was Stopped. Traffic on the South Main car line was interfered with when the wind blew a large tree across the tracks in front of Grant Graff's residence in South Jacksonville. Street car No. 29, in charge of Cecil DeLong and Floyd Simmons, was approaching the tree and when the men found they could not cross they started back toward the switch. Arriving in front of the Hackett residence they found that a small tree had broken a trolley pole and the wire was down. A number of men were sent out at once to clear the tracks.

Large Tree Down. At the corner of Westminster street and West College avenue a large tree was blown down, breaking off a telephone pole and stripping another of all its wires. General Superintendent Miser stayed at the corner and warned passersby of the danger of the wires and a number of men were soon at work clearing away the tree and wires.

No Rain in West End. The rain came down in torrents for a time and in the east and south parts of town the water was standing in the streets, while Harry M. Capps, who resides at 1553 Mound avenue, reported that there was no rain at all in his neighborhood. The rain brought quite a little relief from the intense heat which has been prevalent for the past few days. At 2 o'clock Saturday afternoon a thermometer in the west end registered 101 degrees and by 5:45 o'clock it had fallen to 79 degrees.

Cow Barn Burns. At Franklin the rain did not begin until 8 o'clock and about 8:30 o'clock a cow barn on the farm of John Gray, three miles northeast of Franklin, was struck by lightning and completely destroyed by fire. The bolt struck a corner of the building and it was not long before the fire was beyond control. All of the stock was saved, but quite a little feed was destroyed. A number of the neighbors aided in keeping the fire from spreading to other buildings.

Good Rain at Woodson. At Woodson there was a good rain, but in Murrayville it did not even sprinkle. Greasy Prairie, southeast of Murrayville, had a hard rain, and in Manchester and Winchester there was no rain. At Arnold the dust was hardly settled while at Alexander there was a good steady rain, with little wind.

Bolt Hits Church Belfry. At Litchberry lightning struck the belfry of the Christian church, badly damaging it, but the building did not catch fire. The rain at this place was also very heavy, but it too seemed to be confined to a small area, as it did not rain more than four miles either east or west of Litchberry. The wind was quite strong and nearly all of the corn around that town was blown down, as was the case southeast of the city.

James Everett Goodall and Miss Hazel Mapes, both of this city were married at the Centenary church parsonage Saturday afternoon at 3 o'clock, Rev. G. W. Flagg officiating. The bride is a daughter of Ira M. Mapes and the groom is a son of Matthew J. Goodall. He is employed at the Crawford Planing mill. After a few days wedding trip they will reside on North West street.

Edwards-Colt.

Mr. and Mrs. Earnway Edwards, who were married Thursday, August 7, at the home of the bride's parents, Mr. and Mrs. Henry P. Colt, at Ottumwa, Iowa, have returned from a honeymoon trip to Lake Harbor, Mich., and will reside at 1153 West Lafayette avenue. The bride, who was Miss Mary S. Colt, is a graduate of Chicago university and a member of the Pi Beta Phi. The groom is a son of S. H. Edwards of Lafayette avenue and is a graduate of Illinois college.

SOCIAL EVENTS.

Mrs. C. C. Capps and Mrs. Percy Capps have issued invitations for a lawn party to be given Tuesday morning in honor of Miss Katherine Rogerson.

Mrs. Harrison King of 149 Pine street entertained a ~~small~~ party of which she is a member at 10 o'clock Saturday morning.

EDUCATION NOTES.

Enlisted men in the American navy serve as teachers in the island of Guam.

Teachers in the province of Ontario receive a subsidy of \$30 per year if they maintain a school garden.

A co-operative egg-selling association, with the school house as the place for gathering eggs, the children to bring them in, and the teacher to supervise sales, is suggested by W. J. Shuford of Hickory, N. C.

Of 1,100 cases of removal from country to city personally investigated by T. J. Coates, supervisor of rural schools in Kentucky, more than 1,000 were caused by a desire for better school, church and social advantages.

Marked progress in Alabama high school is reported to the United States bureau of education. In 1908 there were 50 high schools, few of them with courses of more than three years in length; now there are 132 institutions doing high school work, all but 14 of which have full four year courses.

That the country church can and ought to lead in the campaign for better elementary public schools, for larger school revenues, for more enlightened ideals of school efficiency, for larger enrollment (better attendance and less illiteracy in the rural regions), is declared in resolutions recently adopted by a conference on the country church.

Agricultural engineering is becoming a highly important subject in the agricultural colleges, according to figures compiled by F. B. Jenks of the United States bureau of education. Twenty of the state colleges now give specific instruction in this subject for prospective farmers. The state agricultural college of Utah has a four year course in agricultural engineering, and Pennsylvania state college gives a course in industrial engineering, which includes farm engineering.

"Rural illiteracy in the south is largely the result of an economic condition and will not disappear until this economic condition changes," declares E. C. Branson of the state normal school at Athens, Ga. "They say in the south that it takes 13 months of the year to raise, pick and market a crop of cotton. Children are useful and in demand throughout the year. The children of the tenant farmer do not have time to go to school—or so the tenant commonly believes."

U. C. T. MEETING.

The United Commercial Travelers held a meeting last night when Mr. Lonerger was taken into the order. The members voted to have a tent at the chautauqua this year.

Mr. and Mrs. John W. Priest of East College street will leave today for Peoria and from there will take the boat trip to St. Louis. They will return Wednesday. Mr. and Mrs. Priest will have charge of the Courier headquarters at the chautauqua upon their return.

WAGON BREAKS DOWN

In the excitement preceding the storm Saturday afternoon, a wagon belonging to Otto Wade of Chapin, was driven across the street, car track near Ogle's barn on North Main street in such a way that the right rear wheel was shattered and the contents of the wagon spilled. The wagon contained eight sacks of cement.

THE BIRTH RECORD.

Born Friday to Mr. and Mrs. Roy McKown of Springfield, a daughter, second child. Mr. McKown is a former graduate of Illinois college.

NOTES FROM THE LABOR WORLD.

The Order of Railroad Telegraphers gained 872 new members in June.

In 1912 the Cigarmakers' International union paid out \$204,775.61 in sick benefits.

Over 300,000 women are engaged in the profession of teaching in the United States.

The annual convention of the Maryland State and District of Columbia Federation of Labor will meet in Frederick, Md., Aug. 25.

Petitions are being circulated in Arizona to initiate a law excluding all but English speaking workmen from the mines of Arizona.

In the past thirty-three years the Cigarmakers' International union has paid out a total of over \$10,000,000 in sick, death and out of work benefits.

The workmen's compensation act, of the state of Washington has been declared constitutional by the United States district court for the western district of Washington.

During the last fiscal year the various unions affiliated with the American Federation of Labor paid out in benefits all told, exclusive of strike benefits, \$2,757,162.

The annual reports submitted by the officers of the International Typographical union to the recent convention in Nashville show that the organization now has a larger membership than ever before.

THE BASIS OF CAR BUYING

1. Look up the maker in regard to responsibility, time in business, assembled or factory product.
2. What will be your chance of disposing of your car in the future, either in trade or for cash.
3. Service you will receive from dealer and factory at all times.
4. Quality of material used. Kind of equipment used for starting, lighting, ignition, etc.
5. Weight of car. Comfort in riding.
6. Accessibility.
7. Simplicity.
8. What the car has done in the past.
9. Chance of getting repairs in the future.
10. Does it pay to skimp yourself in price to get an article because it is cheaper. Think it over carefully.

If you keep these questions in mind and then examine

The Buick, the Oakland, the McFarland Six or the Oldsmobile

You will find that each one answers these queries in its own individual way.

"EMPEROR OF SORROWS" TO CELEBRATE BIRTHDAY

Francis Joseph, Ruler of Austria and
King of Hungary, Will Be 83
Years Old Tomorrow.

Vienna, Aug. 16.—Francis Joseph,
emperor of Austria and king of Hun-
gary, will be 83 years old Monday,
and all parts of the empire are pre-
paring for the customary celebra-
tion of the anniversary. The ven-
erable emperor is reported in good
health, though the feebleness natural
to one of his years has of late be-
come quite perceptible. He is pass-
ing the summer, as usual, at his be-
loved Ischl, where he still occasion-
ally shoulders his rifle and tramps
over the hills in search of game.

Of all the figures in contemporary
history that of Francis Joseph is at
once one of the most magnificent and
the most pathetic. With a long and
eventful life behind him, a life over-
cast by disasters that would have
unseated a feeble ruler, and sadden-
ed by sorrows that would have bro-
ken down a weaker man, the emperor
in the evening of his days still
bears the burden of the dual crown
unbowed. The close personal atten-
tion with which he has followed the
course of events in the Balkans the
past year and the promptness and
vigor with which he has acted
when such action seemed necessary
have amazed even those who are best
acquainted with the marvelous ener-
gy and mental qualities possessed
by the aged ruler.

It will be sixty-five years next De-
cember since Francis Josef came to
the throne. Emperor Ferdinand I.
abdicated on December 2, 1848, amid
the turbulent scenes that threatened
the dissolution of the empire, and
his brother, the Archduke Francis,
having surrendered his claims to the
throne, his son, Francis Joseph, be-
came emperor of Austria, though he
was not crowned king of Hungary
until nearly twenty years later. At
the time of Francis Joseph's acces-
sion to the Austrian throne Hungary
was in a state of revolt, and with
Kossuth as governor, declared itself
a republic in 1849.

Charles Albert of Sardinia again
took up arms against Austria in Ital-
y, Austria triumphed, however, both
in Italy and Hungary and the emperor
devoted himself to the re-establish-
ment of his authority.

Francis Joseph was forced to face
a war with France and Sardinia in
1859. These hostilities ended with
the loss of Lombardy. A reconstruc-
tion of the monarchy on a dual basis
was effected in 1867.

The family troubles of the "Em-
peror of Sorrows" have paralleled
the trials and tribulations of the em-
pire during the 65 years of his reign.
His wife, "the good Elizabeth," to
whom he was married in 1854, was
assassinated by an anarchist at Ge-
nova in 1898. His brother, the ill-
fated Emperor Maximilian, was ex-
ecuted in Mexico. His sister-in-law,
Carlotta, wife of Maximilian, has
been confined in a madhouse in Bel-
gium for nearly half a century.

Crown Prince Rudolf, the em-
peror's only son and heir, met death
under mysterious circumstances at
Meyerling in 1889. With his mis-
tress, Marie Vetsera, he was found
dead in the royal hunting lodge. How
they died is another secret of the
Hapsburgs.

The young daughter of the crown
prince, named Elizabeth, after the
empress, faithfully carried out the
Hapsburg impulses. When the girl
was 17 she met and married a young
army officer against the wishes of
the emperor. Her husband proved
faithless and there was a tragic end-
ing to their love when she shot her
husband's mistress, whom she had
surprised with him at Prague.

The Archduchess Stephanie, the
widow of crown prince and moth-
er of Elizabeth, married Count Lon-
gay, which marriage was also contra-

ry to the wishes of the emperor.

The misfortunes of the Hapsburgs
promise to continue even after the
death of the aged emperor, for his
successor, his nephew, the Archduke
Francis Ferdinand, will bring a wife
but no empress to the throne. In
1909 Francis Ferdinand married the
Countess Chotek, who was a lady in
waiting at the court. At the time
Francis Joseph solemnly announced
to the empire that his nephew's mar-
riage was morganatic and that there-
fore neither his wife nor his children
had any of the rights of the im-
perial family.

There are many who say that the
domestic sorrows of Francis Joseph
are due to a curse that is hanging
over the house of Hapsburg, uttered
by the aged Countess Karolyi, whose
son was put to death for participat-
ing in the uprising of 1848. She
called on heaven and hell to blast
the happiness of the emperor, to ex-
terminate his family, to strike him
through those he loved, to wreck
his life and to ruin his children.

CARDINAL RAMPOLLA'S 70TH BIRTHDAY.

Rome, Aug. 16.—Cardinal Ram-
polla, who, of all the members of the
sacred college, is probably the closest
friend and warmest supporter of
Cardinal Gibbons, Archbishop of
New York, and other leaders of the liberal
element of the Roman Catholic
church in America, is receiving con-
gratulations in anticipation of his
70th birthday, which comes tomor-
row.

For many years Cardinal Rampol-
la has wielded immense influence in
vatican circles, though his influence
is not now so great as formerly, owing
to the ascendancy of his reaction-
aries. He was the papal secretary
of state under Leo XIII., and under
that pontificate he was perhaps the
most influential and powerful force
in the Catholic hierarchy. But for
his extreme liberality, which was of-
fensive to the conservative members
of the college of cardinals, it is be-
lieved that he would have been se-
lected to succeed Leo XIII. in the
pontificate.

Cardinal Rampolla is quite as fa-
mous for his learning as for his ability
as a diplomat and statesman. He
is the author of the best works ex-
tant upon the traditions of the
Green church, and upon the infalli-
bility of the pope, and some years
ago he published a notable volume
on the historical accuracy of the
story of the Maccabees.

TOO LATE.

"Corn in Kansas, Texas, Okla-
homa, Nebraska, Missouri and a large
part of Illinois and parts of Indiana,
Kentucky and Tennessee is beyond
restoration," said Price Current.
"The crop northward of these states
is in good shape and rains have been
sufficient to insure fairly good re-
turns and if further rains come at
the proper season normal yields may
be expected. The crop at the best
will fall 400,000,000 bushels under
last year, and may drop below that
figure."

WHY I ATTEND CHURCH.

Probably never has better expres-
sion been given of the reasons why
church going should be practiced
than is contained in the following
brilliant article, reprinted from Les-
lie's Weekly in the Congressional
Record. It is from the pen of Con-
gressman Claude Weaver, and its
reproduction in the Record was moved
in the house by his colleague, the
Hon. Scott Ferris of the same state.
The title is "Why I Attend Church."

Why I Attend Church.

"It is sweet on a summer's morn-
ing, when the air is aquiver with the
love songs of the birds and fragrant
with the odor of roses blown, to hear
the music of the churchgoing bells,
an invitation to the world-worled to
enter that temple and find peace
because the instinct of worship is the
heart of man and the church is the
temple of the living God."

"I go to church because I find peace
there, that peace which De Quincy
described as a resting from human
labors, a Sabbath or repose, a re-
spite granted from the secret bur-
dens of the heart as if I stood at a
distance and aloof from the uproar
of life; as if the tumult and fever
and strife were suspended; as if
there brooded over me a dovelike and
halcyon calm."

"I go to church because I love
the music that I hear there, the
mighty roll of the great organ, ming-
led with the marvelous symphonies
of that divine stringed instrument,
the human voice untwisting all the
chains that tie the hidden soul of
harmony."

"I go to church because I delight
to hear the teachings of the preach-
er, whose soul is dedicated to God,
whose field is as wide as God's uni-
verse, whose theme is the destiny of
man, and whose words are the oracles
of fate. Marvelous is the spell of
the preacher to whom God has given
genius and consecration and the
power of illustration drawn from the
old, sacred, immortal books, and
from the miracles of nature no less
revealed in the crimson-tipped flow-
er turned up by the plowshare of
Robert Burns upon the soil of Ayr
than in the long reaches of the star-
girt skies."

"I go to church because the way
is dark and I am far from home,
and because the church is the polar
star to light my pathway in the ray-
less night."

"I go to church because the church
ministers not only to the spiritual
but also to the material needs of life
and because it is there that the char-
ities that soothe and heal and bless
are scattered at the feet of man like
flowers."

"I go to church because in that at-
mosphere vice and crime wither and
die."

"I go to church because I hear the
teachings of the philosophy of Jesus,
the incomparable man, and if you
say his teaching is philosophy and
not religion and that he was a man
and not a god, then the philosophy
of that man has redeemed the world
from savagery and blessed mankind
with Christian civilization, and, to
my mind it is a thing worth while to
hear."

"I go to church because I find there
consolation and hope; because I see
there the dawn and not the sunset;
and it is better for man, if the hope
is baseless and the vision but an elu-
sive phantom, to cherish a dream so
glorious and beautiful than to be
weighed down and crushed with the
quarried mountains of a world with
out hope and without God."

LEAGUE LEADERS EVENLY MATCHED SAYS CHANCE

Forecasts Remarkable Struggle for
World's Championship Honors Be-
tween Giants and Athletics.

New York, Aug. 16.—Basing his
prediction on the assumption that the
Giants and Athletics will be the con-
tenders, Frank Chance forecasts a
remarkable struggle for world's
championship honors this autumn.

"The leaders of the two leagues
appear to be evenly matched," said
Chance, in discussing the teams,
"and I look for a very close, excit-
ing series. In my opinion the win-
ning club will be the one that gets
the early 'breaks' in the play. You
can't eliminate the 'breaks' in base-
ball, and in a series as important
and as short as the world's cham-
pionship it has always proved a very
important factor. In all the series
in which I have taken part it has al-
ways been present. Sometimes the
'breaks' came our way and then
again it helped the other fellows,
but I never knew the time when it
didn't play a leading part."

"For that very reason I have al-
ways held that a seven game series
between two clubs of the calibre
of the National and American league
pennant winners was not as decisive
as it should be. Fully fifteen games
would be necessary, to my mind, to
decide positively which was the bet-
ter club. Unfortunately, however,
such a long drawn out series would
fall to hold interest. Coming at the
end of a seven months season 80
per cent of the fans of the two cities
would lose interest in the play before
the completion of the play. It has
been suggested that playing several
of the games in cities other than
those directly interested might solve
this problem. I have no doubt that
Pittsburgh, Chicago and Washington
would turn out big crowds for one
game each, even though the Athle-
tics and Giants were contending
teams. It is a difficult problem to
please both player and spectator, but
I believe that eventually a more sa-
tisfactory method will be evolved for
deciding the world's championship."

Should the New York and Phila-
delphia clubs win their respective
league pennant, the world's series of
1913 will be in the nature of a "rub-
ber." At present each has a world's
championship title won at the ex-
pense of the other. The Giants
quickly nipped the championship as-
pirations of the Athletics in their
initial meeting of 1905. Under the
direction of McGraw the New York
team won four of the five games
played, all of which were shut-outs.
Six years later Connie Mack secured
his revenge, for the Athletics won
four out of six games from the Giants.

Of the players who engaged in the
series of 1905, Bender, Plank, Davis
and Murphy are still enrolled with
the Athletics, although the latter
two are seldom in the regular line-
up. Mathewson and Witte are the
only Giants of those days who still
wear the New York uniform. It is
a singular feature of the game that
Bender and Mathewson, the respective
club heroes of the 1905 series, are
still past masters of the art of pitch-
ing, eight years after their initial
clash and may face each other dur-
ing the play next October, unless an
eleventh hour rush by one of the
other league clubs upsets the predictions
of the baseball prophets. To date
the world's series has been an excel-
lent financial proposition for the New
York and Philadelphia clubs and
players. The two series netted the
club owners \$214,387.47 and the
players, \$155,504.81.

CHICAGO WHITE SOX SHUTOUT YANKEES

CALLAHAN'S DEFEAT NEW YORK BY 2 TO 0 SCORE.

Play Bunting Game in Seventh and Score Two Runs—New York's Chances to Score Are Foiled by Scott's Fine Pitching and Two Double Plays.

Chicago, Aug. 16.—Manager Callahan instructed his men to play a bunting game in the "lucky" seventh inning today and as a result Chicago made it two straight from New York, shutting out the visitors by 2 to 0.

New York had two or three chances to score, but Scott's fine pitching and two double plays made them fruitless. Score:

BOSTON RED SOX HAND SHUTOUT TO ST. LOUIS BROWNS

Leonard Is Invincible in Pinches and Red Sox Win 4 to 0—Spectators Angered at Umpire's Decision Leave Park.

St. Louis, Aug. 16.—While Leonard was invincible in the pinches, his teammates hit Leverage when his meant runs, Boston winning the third successive game of the series with St. Louis by 4 to 0.

It was the second shutout the local team has suffered in the present series.

Nearly half of the spectators, angered by a decision of Umpire Connolly, left the park at the beginning of the eighth inning.

Manager Stovall announced that he probably would not play again this year. He is troubled with bruised hands. "Bunny" Brief will guard the St. Louis initial corner during Stovall's absence. Score:

PIRATES DRIVE MATHEWSON FROM MOUND AND WIN 8 TO 0

In the Three Innings That Christy Pitched He Allowed Nine Hits and Pittsburgh Scored Eight Runs.

New York, Aug. 16.—Pittsburgh today won the first game of the series from New York after a hard fought game by 8 to 0. For the second time in succession the visitors knocked Mathewson out of the box. In the three innings that Mathewson pitched he yielded nine hits and the entire Pittsburgh run. Wiltsie held the visitors safe after he went into pitch in the fourth inning.

Wagner made a home run and three singles in five times up, De- merce breaking his string in the ninth inning.

A one-handed stop by Fletcher on Mitchell in the seventh, which started a double play, was the fielding feature.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Deitchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.—Adv.

WATER SUPPLY AND EDUCATION.

President Joe Cook of the Mississippi Normal college believes that the first step in the education of women in the country should be the elimination of needless farm drudgery. No matter how good the rural school may be, he declares, it can not help permanently in making life in the country attractive unless there goes with it the movement to lighten the labor of women on the farm.

The water supply in particular rouses President Cook's indignation. He is convinced that as much as nine-tenths of the drudgery of women on the farm is due to antiquated methods of handling the water supply. Here is the way he states the case in a bulletin of the United States bureau of education:

"The getting of the water from the source of supply to the point of application requires more manual labor than any other item of house-keeping. The water for the kitchen has to be lifted from the well, carried to the kitchen, poured into a kettle, poured out of the kettle into the dishpan, and from the dishpan out of doors. This makes six times the water is handled; and a bucket of water containing two gallons, with the containing vessel, will weigh 20 pounds. When this is handled six times, the total lifting is 120 pounds. The cooking of three meals a day on a meager allowance of water will necessitate 10 buckets, which will make for cooking alone, 1,200 pounds of lifting per day. When to this is added the water necessary for bathing, scrubbing, and the weekly wash, it will easily bring the lift per day up to a ton; and the lifting of a ton a day will take the elasticity out of a woman's step, the bloom out of her cheek, and the enjoyment from her soul."

To eliminate this item of drudgery is easy, according to resident Cook. All that is necessary is for the farmer to realize that the farm is also the heir to modern invention: "An isolated farm can be supplied with a system of waterworks for an outlay of about \$250: Pump, \$25; gasoline engine, \$40; tank, \$20; bathtub, \$20; commode, \$20; kitchen sink, \$4; basin, \$4; 500 feet of pipe, \$40; valves and installation, \$75. These figures are for first class porcelain lined fixtures; cheaper fixtures can be had. Such a system, if intelligently and compactly planned, will not only supply all of the household needs, but will supply practically all the farm needs besides."

PREDICTS BEEF FAMINE.

Washington, Aug. 16.—The drought in Kansas, Iowa, Nebraska, Oklahoma and in the southwest may cause an unprecedented rise in the price of fresh beef. Information that reaches here is that the fall supply of beef cattle, and this, added to the already existing shortage, may cause record high prices for beef.

Discussing the situation today, Dr. D. A. Ramsey, chief of the inspection division of the bureau of animal industry of the department of agriculture, said:

"The drought in the middle west has been most serious. It means that Mexican cattle and the grass fed cattle from the southwest that here tofore have been driven to the middle western 'fattening' corrals will have no haven. The visible supply of beef in the drought section is being sold by the thousand heads in the open market now because stockmen have no feed and foresee a famine this winter. The immediate result, of course, will be lowering of prices because the supply exceeds the demand. But later in the season, when the demand becomes greater and prices soar, the supply promises to be gone."

LIGHT, HEAT AND POWER.

In a lengthy conference held by members of the Springfield city council over the question of combining the municipal lighting plant with the plant located at the pumping station at the river, Mayor Schnepf again advocated the rebuilding of the present municipal plant and placing it in such condition that the city might at once enter, not only on the sale of electric current for light and power, but also enter the field for the sale of steam heat.

A HISTORIC EVENT

Anniversary of the Arrival of the Portuguese Exiles in This Country.

An event of much importance in many ways was the arrival in this country of the Portuguese exiles from Madeira whence they fled owing to the great persecution to which they and their ancestors had been subjected on account of their religious views.

They turned their faces toward the land of liberty and the result was that they found here a place in which they could worship their Creator according to the dictates of their consciences while this community and that of Springfield gained some of the most valuable of citizens.

The 64th annual celebration of the departure from the Island of Madeira and arrival of them to the United States will be celebrated this year in the form of a social gathering at the grounds of the High school building Thursday evening, August 21st. Ice cream and cake will be served.

On Sunday August 24th at 10:45 a. m., Rev. George C. Lenington will deliver an address in commemoration of this great event. Special program of services at the Northminster Presbyterian church. The committee on arrangements is doing all that is possible to make the social Thursday evening and the Services on Sunday morning occasions of happiness and gratitude to God for placing them in the land of liberty.

THE CHURCH OR SOCIALISM, WHICH?

Sunday evening on the lawn of Grace church the last of the illustrated addresses will be given by the pastor of the church. This service will deal with a vast and difficult problem, "How the Other Half Lives," and what to do. None doubt that the burning question is What shall be done for the unfortunate millions of poor and distressed humanity? To these millions this life is a bitter and relentless warfare for bread and shelter. They behold the ease and luxury of the wealthier classes and deep discontent takes possession of them. They ask, Is this condition right? If it is wrong how long will it be allowed to continue? This age must face these questions in an honest and serious spirit. What shall be done? Which program is right? What is the duty of the Christian citizen? Hear about these things Sunday night at Grace church. The music will be interesting and inspiring.

BIDS FOR COAL.

Sealed bids for furnishing 3-inch screened lump coal for all county purposes for 1 year will be received at county clerk's office until Saturday, September 6th, 1913 at 2 p. m.

All coal to be weighed over the city scales, except that delivered to the county farm, which is to be weighed at the farm.

The successful bidder must enter into contract and give bond for faithful fulfillment of said contract. The county commissioners reserve the right to reject any and all bids.

C. A. Boruff,
County Clerk.

AUTO IS DESTROYED BY FIRE.

Car was Being Driven by Owner, Vachel McDonald, of Philadelphia.

An automobile belonging to Vachel McDonald of Philadelphia, Cass county, was destroyed by fire when the owner was driving near his home. He had stopped to adjust the carburetor of the machine, a forty horse power Overland, and when he operated the crank first started, presumably from an overflow of gasoline ignited by a "back fire." The gasoline tank had been filled that morning and contained fifteen gallons. The machine was a 1910 model costing \$1,400 and was insured for \$800.

Little Hip, the famous trained baby elephant, and Napoleon the Great, the man ape, provide the headline attraction at the Grand for Monday, Tuesday and Wednesday. Little Hip is so well known to vaudeville audiences that extended mention of the many feats he performs and the manner in which he pleases, is almost unnecessary. Little Hip represents almost the acme of perfection in animal training, so many and varied are the tricks which he performs and the manner in which he does them. Napoleon fully shares the honors of the act, for there is not a moment of the time when he is one the stage that the audience is not in laughter. Napoleon goes through his work in a manner that can only be described as human, for not only does he exhibit human intelligence, but he apes every movement of the human species.

FOR THE FIRST TIME.
Notable Joint Session of Engineers and Firemen in Chicago.

One of the most notable meetings or order men held in the history of organized labor will open tomorrow in Chicago, when for the first time in the history of the Brotherhoods of Locomotive Engineers and Firemen they will meet in joint session to talk over matters of mutual interest. Fifty-two railroads extending west of Chicago will be represented by chairmen of the general committees of each brotherhood. Engineer Peter Christal of Bloomington will represent all three divisions of Chicago & Alton engineers, and Engineer Franklin Pierce will represent three divisions of firemen. The sessions will probably last for a week or two and will discuss many matters of importance to the two orders. It is understood that there will be no demand for an increase in pay at this time, but it is possible that some equalization of pay may be asked for and some improvement sought in working conditions. Committees will be selected to meet with the committee from the General Managers' association to discuss the changes recommended by the joint meeting next week.

SHERMAN'S VIEWS

Regarding the Proposed New Tariff Law.

United States Lawrence Y. Sherman has forwarded to Republican county committeemen of Illinois copies of a brief letter, in which he epitomizes the tariff situation in Washington. The letter is not intended to be comprehensive; merely an outline, and as such it has become much in demand by committeemen of this state who are studying the tariff situation at Washington.

The copy of the Sherman letter, dated originally July 26, follows: The Democratic Wilson-Underwood bill has passed the house and is now before the senate for passage. The house of representatives is Democratic by a very large majority. The upper house is Democratic by 51 senators out of 96. The bill is a real Democratic measure.

Generally speaking, the tariff on all articles, the like of which is produced in this country, is greatly lowered or entirely removed. A study of the schedule shows many increases on articles not produced in this country.

The bill is said to be framed to reduce the cost of living. It certainly will reduce the kind of living. The ability to buy at a higher price is better than the inability to buy at any price.

The bill is a revenue measure. The duties are reduced, but the amount

of money collected must be large enough to meet the expenses of government. This must increase the amount of imports. Those imports, the products of foreign farms or cheaper labor in foreign shops, will enter into direct competition with the products of our own farms and our own shops. Those products sold in our country will reduce by that much the market for the products of our farms, shops and the output of our workmen. It will reduce the buying power of a bushel of corn or wheat. It will reduce the buying power of each pair of American hands.

Free listing, or reducing the duty, does not permanently lower prices. Under the Dingley tariff act of 1897 hides were dutiable at 15 per cent, shoes at 25 per cent. Under the Payne-Aldrich act of 1909 hides were free listed and shoes reduced to 10 per cent duty. Under the twelve years of the Dingley bill, 1897 to 1908, inclusive, the price of an average pair of shoes wholesale was \$1.55. Under the Payne-Aldrich act, from 1909 to 1912 inclusive, the same average pair of shoes wholesale, cost \$1.71.

This bill adds to the duty on spices, none of which is raised in this country. This added burden will now be absorbed by the importer, but will be passed along from the custom house. So with bananas. A duty is placed on them and it will probably lead to a charge of an additional 5 cents per dozen for this cheap and wholesome fruit, practically all of which comes from abroad. It will

add a revenue of \$1,800,000 to the government, but the consumer, because he cannot get home grown bananas, will have this tax to pay. Yours truly, L. Y. Sherman.

Senator Sherman is preparing his tariff speech, which he will deliver probably in the course of the coming two weeks on the floor of the United States senate. He has gone into the subject exhaustively, and the coming speech is looked forward to with marked interest.

It is said there are Washington rumors that congress after the tariff is on hand, may adjourn until Nov. 1 to take up the currency questions. It is believed the tariff will have been settled by middle of next month.

PAY CONFEDERATE PENSIONS.

State of Missouri on Oct. 1 Will Begin Disbursements to Applicants. State Auditor Gordon of Missouri has announced that on October 1 he will begin the payment of pensions to confederate veterans. The pensions will be paid under an act calling for \$30,000 passed by the legislature last winter. More than 1,000 applications have been made, but only 139 have been approved.

MRS. LOGAN TUCKER DIES SUDDENLY.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
perseverance, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

FORCES ANOTHER SELLING MOVEMENT

CONTINUED LACK OF RAIN IN- FLUENCES STOCK MARKET.

**In Final Dealings Market Gained
Fresh Impetus and Closing Prices
For Favorites is Well Above Pre-
vious Day's.**

(By Associated Press)
New York, Aug. 16.—Continued
lack of rain in the west and south-
west was the basis of another
selling movement in today's early
stock market. Declines of a point
were abruptly registered by St. Paul,
Atchafalpa, Rock Island preferred,
Union Pacific and Erie. United States
Steel also felt the force of the in-
itial impact more than any other in-
dustrial issue except the harvesters
issues which were notably heavier.
Some of the minor specialties yielded
as much as 2 points.
Supporting orders soon brought
general recoveries, thereby giving
color to belief that the pressure had
its origin largely in short selling.
In final dealings the market gather-
ed fresh impetus and closing prices
for the favorites were well above
those of the previous day.

London markets were again steady
with a higher range for our stocks
and some moderate buying here of
the international group, chiefly Uni-
on Pacific. The Berlin market con-
tinues to show signs of weakness.
The only feature of the local bank
statement was an actual cash loss
instead of the moderate gain looked
for.

Actual loans showed a nominal in-
crease but in the average table this
item increased by more than \$7-
000,000.

The Kind You Have Always Bought

Bears the Signature of *Dr. H. H. Fletcher***How to Get
Rid of Eczema****An Effective Method that
Kills the Germs and
Makes New Skin.**

If you bruise your hand, you will notice that a scab forms, and when it falls off, new skin has formed. Did you do it? No! Skin is the same as muscle, bone, sinew, ligament. All are made from the blood, from the materials that your stomach and intestines convert from food into what we call blood. And this blood circulates in the myriad of tiny blood vessels in the skin. Start from your stomach, where blood materials begin, and it won't be long before you are free of eczema. Use S. S. S. for a short time, and not only will eczema disappear, but the entire blood will be renewed. There is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy, judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions.

Get a bottle of S. S. S. at any drug store, and you will not only feel bright and energetic, but you will be the picture of new life. S. S. S. is prepared only in the laboratory of The Swift Specific Co., 189 Swift Bldg., Atlanta, Ga.

THE PLAYGROUND FESTIVAL.

Tuesday Evening the Public Will Have an Opportunity to See What Is Being Done in the Line of Work for Children.

Tuesday evening at 7, at the Illinois college athletic field, the people of Jacksonville will have an opportunity to see what is being done in the way of work for the betterment of the children. The preparations by Mr. Ruyter have been great and the worthy gentleman and his wife have been laboring hard for the success of the enterprise and they should have a good encouragement in the way of a large audience.

The importance of playground work as a valuable factor in the education of children is more and more being recognized and to that end the people of this city are urged to be present and see what is being accomplished here and get an idea of the benefit and value of the work. The admission will be but 25 cents and children 10 cents and there should be a large attendance.

ICE FAMINE MENACES ALTON.
Alton faces an ice famine. Its ice plants, which have not been able to maintain the supply during the hot weather, have been depending on St. Louis ice manufacturing plants for a large part of the supply, were notified recently of an advance of 66 2-3 per cent in the wholesale price from the St. Louis plants.

The long continued hot weather has created such a demand for ice that the reserve supply in the big storage plants is nearly exhausted and the manufacturing plants, although running at full capacity, day and night, are proving unequal to the demand.

ANNOUNCE CONDITIONS OF ENTRY TO POULTRY EXHIBIT.

Officials of the Morgan County Association State Rules, Regulations and Purpose of the Show at the Chautauqua.

The exhibit of poultry at the chautauqua Aug. 28 to 30 will be in charge of Judge D. T. Heimlich with James C. Weber as assistant. All persons wishing to make entries are requested to notify either of the above named men so that space may be reserved. There will be no entry fee or coop fees charged and anyone may enter birds. The birds will be shown in pairs. Cock and hen, cockerel and pullet. Those wishing may enter pens, one male and four females awards will be given but no cash premiums will be given on pens. The Morgan County Poultry association coops will be used, those who have regulation coops may use them, those having no coops may bring their birds and they will be cooped in classified order. The premiums will be 50c for first and 25c for second. Feed and the best of care and attention will be furnished free. The following varieties will be in competition by members and non-members, all will be treated with impartiality. Barred, White and Buff Plymouth Rocks, Single and Rose Comb Rhode Island Reds and Whites, Partridge Plymouth Rocks, White Wyandottes, White, Black and Buff Orpingtons, Blue Cochins, Brown, White and Buff Leghorns, Single and Rose Comb Minorcas, Golden Sebright Bantams, Buff and White Cochins Bantams, Black Tailed Japanese, Long Tailed Phoenix fowls and chicks, and any other varieties not mentioned but named in the American Standard of Perfection.

A mid-summer poultry show will be something new for the breeders of Morgan county and it will be the means of getting many interested in pure and standard bred poultry, and it is for this purpose that the association has made plans to have the exhibit at this time and will spare no expense to make the exhibit one of the best that they have ever held.

EXCLUDE HORSES FROM PARADE
Automobiles have so far supplanted horses for delivery purposes on the northwest side of Chicago that the Northwest Side Commercial Association barred animals from its parade as a part of the "made in Chicago" celebration. When the secretary looked over his list of entrants he found more than 300 automobiles and only eleven horses. The directors feared the horses might look "out of place."

BATTLE ANNIVERSARY.
Montpelier, Vt., Aug. 16.—Today was the 136th anniversary of the battle of Bennington, and in accordance with custom the day was observed as a legal holiday throughout Vermont. The battle of Bennington was one of the most important of the revolution and is generally recognized by historians as the turning point of the war. It made the victory at Saratoga possible, which in turn encouraged France to recognize the independence of the American colonies.

CHARLES E. COLLINS VISITOR IN CITY

NEW PRINCIPAL CONFERS WITH
BOARD OF EDUCATION.

Educator Says He Intends to Follow Out Conservative Policy in Management of High School—Some Facts Relative to His Life.

Charles E. Collins, of Chicago, who was recently named as principal of the Jacksonville High School, arrived in the city Saturday for a brief visit and in the afternoon was in conference with members of the board of education relative to his appointment. Mr. Collins made it plain to the members of the board that he intended to follow out a conservative plan relative to the management of the high school and hoped for the co-operation of the board and of the superintendent. As has been previously mentioned, Mr. Collins has been practicing law in Chicago most successfully, but being in the educational field a number of years ago, he has long cherished a desire to get into the work again and this prompted him in seeking the position when he heard of the opening in Jacksonville. Mr. Collins met a number of citizens yesterday and was cordially received, impressing all with his ability and business like methods. He will return to Chicago not later than Tuesday to transfer his law practice and see about renting his residence.

Mr. Collins is a native of Illinois, having been born three and one-half miles east of Greenfield. He was the son of Capt. W. M. Collins. He left the Greenfield high school at the age of 19 years and entered Wesleyan university, where he attended for five years, graduating with the degree of Bachelor of Science. After graduation he became principal of the Auburn high school and from there went to Waukegan, where he held a similar position and the last two years in that city he was superintendent of the schools. It was at this time that Mr. Collins decided to study law, entering the Illinois College of Law of Chicago, from which institution he graduated and was admitted to the bar by examination. He has since practiced his profession in Chicago, having an office in the Metropolitan block, except for two years, when he traveled over thirty-eight states of the union, also Canada and New Mexico in the interest of education.

He is a member of the Sigma Chi fraternity, the Masonic lodge Washington Chapter, Knights of Pythias, and of the City club of Chicago. This organization consists of over 2,400 of Chicago's business men who hold meetings at the noon hour every two weeks to talk over and study city government problems. There are 72 committees in the club. The men, after careful perusal of all questions for the betterment of the city, give their opinions free and the city council has found the organization a most helpful one and their interest is widespread and weighty. He is also a life member of the Chicago Law Institute and a member of the Methodist Episcopal church.

While in Wesleyan Mr. Collins met a young lady, who graduated from the institution and whom he later married. They have two children, John Watson, aged 13, and Miss Ruth Collins, aged 21. Miss Collins is a graduate of the Chicago High School, Lewis Institute, and of the Cook county Normal.

Mr. Collins, on his return to Chicago expects to turn over his law practice to Mr. H. S. Lighthall, who has been in his office. Mr. Lighthall will go in partnership with Mr. Blake under the firm name of Lighthall & Blake. Mr. Collins does not anticipate moving his family here until the beginning of the year, during which time he can dispose of his residence in Chicago and find a suitable place here. He will return to Jacksonville the latter part of this month.

WILL ATTEND NATIONAL CONVENTION IN PHILADELPHIA.

Four Jacksonville Citizens Leave Today for Annual Meeting of Colored Business Men's League.

Dr. A. H. Kennelbrew, Frank Mallory, Ed. Mallory and Thomas Allen of this city, accompanied by Henry Kinklin of Columbia, Mo., will leave over the Wabash today for Philadelphia, Pa., to attend the annual session of the National Negro Business Men's league. At Springfield they will join a special train which will bear the Illinois representatives direct to the convention city. The sessions will be opened next Wednesday by a number of speakers of prominence, including Booker T. Washington, the celebrated negro educator. An address of welcome will be made the second day of the convention by Mayor Blankenberg of Philadelphia.

The second and third days will be made up chiefly of talks by colored men of prominence from all parts of the nation. "General Merchandising" will be discussed by Messrs. Frank and Ed. Mallory and Dr. A. H. Kennelbrew, the general secretary of the state, will report to the convention the state of Negro Business Men's league in Illinois.

MORTUARY

Nichols.

H. W. Nichols of this city died in Kansas City Friday evening. He was a cousin of Dr. J. W. Hairgrove of this city and brother-in-law of Mrs. B. C. Skinner of this city who expected to go to Kansas City to attend the funeral to be conducted this afternoon. Mr. Nichols died of cancer of the stomach and had been ailing for some time. He was 52 years old and was born and reared in this city and left for Kansas City some fourteen years ago. He leaves a wife and three children, John Vardman, Charles L. and Mrs. T. H. Trendler, all of Kansas City; also two brothers. His parents went to Kansas City with him and died here two years ago.

Jones.

Mrs. Wm. D. Jones died at her home in Denison, Texas, August 12th. The remains were brought to Winchester by her husband and taken to the home of Mrs. James Andell and the funeral was conducted in the M. E. church Wednesday morning.

The lady's maiden name was Jennie Wisdom and she lived for some time in the home of Samuel Hopper and was quite well known in Winchester and had many friends there. One child died in infancy.

Martin.

Mrs. Mary Fernandes Martin died at 3:05 a. m. at the home of her daughter, Mrs. Florence Roderick of Springfield. Death was due to a complication of diseases and was a welcome relief from suffering as the patient was a Godly woman and ready to meet her Maker.

Mrs. Martin died the day she was 80 years old. Most of her life was spent in this city and she had lived but a few years with her daughter in Springfield. She was married in 1851 to Joseph A. Fernandes, who died in March, 1895. She was married the second time, 1898, to Francis Martin, who died September, 1900. She was the mother of fifteen children, all Fernandes, nine of whom survive her. They are Daniel H., an attorney of Oklahoma City, Okla.; Samuel A., West Grand Place, Springfield; James H., of Chapin; Joseph W., of Springfield; Edward G., of Ohio; Mrs. Jessie Smith, of Auburn; Mrs. Florence Roderick, of Springfield; Mrs. Jennie Hill, of Peoria, and Miss Gertrude, of Jacksonville. Mary, Isabel, John and two infants have passed away. There are also a number of grandchildren.

Mrs. Martin was a consistent member of the Central Christian church of this city and an upright, Godly woman who lived near her Master. She was a faithful wife and mother and beloved by all who knew her.

The funeral will be conducted at the Central Christian church of this city by Rev. Clyde Darsie, Monday afternoon at 2 o'clock, and the casket will be open at the church.

FUNERALS

Woodmansee.

The funeral services of Mrs. Mary A. Woodmansee were conducted Saturday at noon at the First Methodist church in Waverly. Interment was made in the Providence cemetery.

She was 76 years of age and had been a resident of Waverly for a great many years. She is survived by one son, W. A. Woodmansee of Memphis, Tenn., and two step-sons, Robert E. Woodmansee of Springfield and W. H. Woodmansee of Carlinville; also one step-daughter, Mrs. Frederick S. Dennis; one sister, Miss Elizabeth Glens, and one brother, Robert S. Divens, all of Waverly.

O'Leary.

Funeral services for William O'Leary, the infant son of Mr. and Mrs. Lloyd O'Leary, were held at the late residence, 226 West Wolcott street, Saturday afternoon at 2:30 o'clock in charge of Rev. H. H. DeWitt. Interment was made in the Jacksonville cemetery.

Metcalf.

The funeral of George R. Metcalf was conducted from the family residence, 223 Hardin avenue, Saturday afternoon at 4 o'clock in charge of Rev. G. W. Plagge, assisted by Rev. H. F. Cusick and Rev. F. A. McCarty. Music was furnished by Miss Clara Ransom, Mr. and Mrs. T. H. Rapp and Alexander Campbell. Member of the Odd Fellows lodge, Illini No. 4, attended in a body and took part in the services.

The remains were laid to rest in the Jacksonville cemetery and the bearers were Messrs. J. W. Taylor, William Moore, Charles Glossip, Edward Kinner, U. Zeigler and James Criddle.

WILL CAMP AT ELSINORE.

The members of the Elsinore club expect to leave Monday morning for a week's outing at their cottage at Lake Matanzas. Albert Hopper, Roy Hopper, with the chef, Jean Wilson, expect to leave this morning to make preparations for the others who will follow tomorrow. The other members of the club are Mr. and Mrs. Homer Ransom, chaperones; Mr. and Mrs. Raleigh Clark, Misses Beulah and Inez Cummings, Miss Mabel Drach of Chicago, Miss May Riggs of Chapin, Miss Cora Potter, Floyd Johnson of Gardner, Ill., Irvin Potter and Hubert Littler.

ALTERCATION AT LYNNVILLE.

Considerable excitement was occasioned in Lynnville Friday evening as the result of a fracas between William Coultas and Anderson Kitchen, in which it is said Coultas was cut in the side with a knife. The story has it that Coultas claimed Kitchen threw apples at him as he passed along the street. As far as known no arrests have been made and little was heard in town Saturday about the affair.

MEETS DEATH BY BURLINGTON TRAIN

JOHN Z. MITCHELL RUN OVER
AT WAVERLY.

Mail Carrier Did Not See Approaching Freight Train and Was Struck—Injured Man Brought to Passavant Where He Died at 11 O'clock—Inquest to Be Held.

John Z. Mitchell, a mail carrier of Waverly, was struck by a passing freight train at the Waverly Junction Saturday evening at 7:40 o'clock. He was brought to Passavant hospital, where it was found that he was suffering from a serious injury to his right thigh and left foot. He never regained consciousness, passing away at 11 o'clock.

Mr. Mitchell had been employed for sometime in carrying the mails from the C. P. & St. L. trains to the Waverly postoffice. Last night at the railroad junction he did not notice a special freight train, No. 5225 south bound, in charge of Conductor Coleman, which struck him in such a manner that he was thrown to the side of the track. He was picked up by people who were near and sent to Passavant hospital, accompanied by his step-son J. W. Lythell.

The body was removed to the undertaking parlors of John Reynolds, where Deputy Coroner John M. Carroll took charge of the body. An inquest will probably be held today or tomorrow.

Mr. Mitchell was born in England and was 69 years of age. He had practically lived his entire life in Waverly, excepting for a few years spent in the west. He is survived by his wife, and several daughters in Nebraska and Kansas. One daughter, Mrs. Effie Redfern resides in Waverly.

WITH THE SICK.

Mrs. Waltman, who has been ill at Our Savior's hospital, has returned to her home in the east part of the county.

C. E. Dickson is improving in a gratifying manner from an attack of appendicitis.

Fred Gano of Carrollton was in the city yesterday to see his mother, who is a patient at Passavant hospital.

C. E. Duncan of Rock Bridge was in the city yesterday to see his wife, who is a patient at Passavant hospital.

Mrs. John C. Aders of Manchester underwent an operation Saturday morning at Dr. Day's hospital. She is reported as doing nicely.

Mrs. Robert Fanning of Beardstown has so far recovered from her operation at Dr. Day's hospital that she will be taken home this week.

RETURN FROM PROFITABLE EASTERN TRIP

Hairgrove Party Arrives Home Saturday—Dr. Hairgrove Finishes 1,000 Mile Auto Journey.

Dr. and Mrs. J. W. Hairgrove, Miss Lorena Webber and Miss Helen Miner of Winchester arrived in the city at 4 o'clock Saturday afternoon from the east in Dr. Hairgrove's Premier automobile. Dr. Hairgrove, who met the ladies at North Thetford, Vt., made the entire trip by automobile, covering a total distance of 4,000 miles. The party, after leaving North Thetford, visited Dartmouth college at Hanover, N. H., Lakes George and Champlain, the Adirondacks, White and Green mountains in New York, New Hampshire and Vermont and various points of interest in Maine. From Portland, Me., they went to Boston, whence they started their homeward journey one week ago yesterday. They made from one to two hundred miles per day.

Among the many interesting comparisons which could be made between Illinois and the east are the conditions of the roads and the methods used in farming. The party observed that the roads in Illinois compare unfavorably with those of all the states to the eastward. Dr. Hairgrove said with regard to the farming methods, that many farmers of the eastern states put as much labor on farms of fifty or sixty acres as those of this state do on farms of twice the area. Much more intensive cultivation is practiced in all the eastern states and much larger yields per acre are realized from land of equal fertility.

NEWS FORECAST FOR THE COMING WEEK.

Washington, Aug. 16.—The Mexican situation and the proceedings of congress relative to tariff and currency legislation will continue to claim a large share of public attention during the week.

Brig. Gen. Edgar Z. Stever, who has been handling the border situation along the Rio Grande, will be placed on the retired list Wednesday on account of age. On the same day another prominent officer of the army, Brig. Gen. Marion R. Maus, will retire upon his own application under the 40 year service clause.

Lord Haldane, lord chancellor of England, will sail for New York Saturday. After a few days in New York he will proceed to Montreal to deliver the annual address at the convention of American Bar association.

Important conventions of the week will include the annual meeting of the American Institute of Mining Engineers, at Butte, the annual convention of American Life Insurance companies at St. Paul, and the annual meeting of the National Negro Business league at Philadelphia.

Events of the week abroad will include the celebration of the 83rd birthday anniversary of Emperor Francis Joseph, the meeting of the International Peace congress at The Hague, the sixth International Fisheries congress, which will meet at Ostand, and the meeting of the International Athletic congress in Berlin.

Other events that will figure more or less prominently in the news of the week will be the national lawn tennis championships at Newport, the Grand Circuit race meet at Rockingham, N. H., the annual frontier carnival and celebration at Cheyenne, Wyo., and the opening of the Canadian national exposition in Toronto.

FREIGHT WRECK

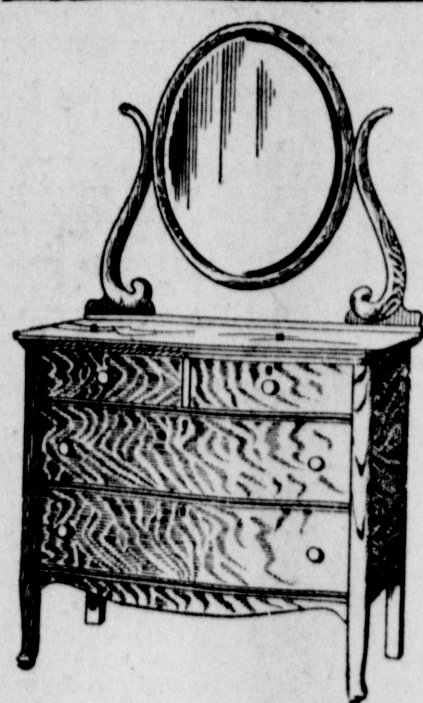

North bound Chicago & Alton freight No. 86 pulled a draw bar out of the caboose between Tullula and Petersburg Saturday afternoon about 1:30 o'clock, wrecking the caboose and delaying southbound passenger, No. 33, due in this city at 3:45 p. m., six and one half hours. The caboose was thrown across the tracks and the wrecker from Roodhouse was sent to clear the wreckage. The afternoon passenger arrived in this city at 9:35 p. m.
